

❑ **Health Professional on Patient Referrals to Dr. Jon**

Our office works close with other quality healthcare professionals to form a “wellness team”. We enjoy the benefits of having a ‘team’ of professionals available should one of our patients require further help.

*Dear Dr. Jon*

*You have been a wonderful inspiration in my life and all the people I have referred to you. Thank you for being there and changing people’s lives for the better. Dr. Jon, because of you I have seen miracles happen. Thank you!*
